DECLARATION OF CONFORMITY

MANUFACTURER INFORMATION

Company name: LIEWOOD A/S
Company Address: Blegdamsvej 124, 2100 Copenhagen Ø, Denmark
Contact Number: +45 3117 0897

PRODUCT INFORMATION

Style Name: Dominique Food Tritan Boxes 100 ml 4-Pack
Style Number: LW20632
Quality: Lid: 100% Polypropylene; Jar: 100% Tritan; Gasket: 100% Silicone

Color code: 3104
Color name: Beach / Sandy

Color code: 3033
Color name: Bows / Pale tuscany

Color code: 3035
Color name: Farmlife / Sandy

Color code: 2502
Color name: Berry / Pale Tuscany

Color code: 1032
Color name: Sea creature / Sandy

Color code: 2780
Color name: Cars / Sandy

Color code: 2785
Color name: Cherry heart / Rosey

Color code: 2620
Color name: Sweethearts / Pale tuscany

Color code: 2621
Color name: Fun / Beach blue

Color code: 2510
Color name: Universe / Classic navy

Intended use:
For food contact. Suitable for microwave, max. 100 °C. Dishwasher safe, max. 60 °C. Always clean on the top rack of the dishwasher. To preserve the graphic print, we recommend hand washing only. There may be some fading of the graphic print over time, but this will not impact the performance of your product.
Recommended temperature range: -10 °C. Maximum temperature: + 100 °C.

Type(s) of food intended to come into contact with the material: All types of food stuff, repeated use.

This product is intended to be used for: Storage at room temperature or below up to 30 days, including heating up to 70 °C for up to 2 hours, or heating up to 100 °C for up to 15 minutes.

This declaration of conformity is issued under the sole responsibility of the manufacturer.
The object of the declaration described above is in conformity with the relevant Union harmonisation legislation:

Regulation (EC) 1935/2004 and amendments - on materials and articles intended to come into contact with food
Regulation (EC) 2023/2006 - on good manufacturing practice for materials and articles intended to come into contact with food
Regulation (EU) No 10/2011 and amendments - on plastic materials and articles intended to come into contact with food
Danish executive order, BEK nr. 681 of 25/05/2020 - Materials in Contact with Foodstuffs
German food Articles of Daily Use and Feed Code of September 1, 2005 (LFGB), Section 30 & 31 Resolution
Regulation (EU) 2024/3190 - on the use of BPA in food contact materials and products

References to the relevant harmonised standards or the common specifications used or references to the other technical specifications in relation to which conformity is declared:

ITS-M0001 Mar. 06, 2013 Dishwasher safety, 5 cycles (70 °C, 90 min)
BS EN 15284 : 2007 – materials and articles in contact with food stuffs-test method for the resistance to microwave heating of ceramic, glass, glass-ceramic or plastics cookware.

Overall migration analysis:
Samples of the product, or a similar product made from identical plastic material, have been tested for overall migration according to the test conditions specified in (EU) 10/2011, and the article complies with the overall migration limit of 10 mg/dm² or 60 mg/kg.
PP: OM3 (2 h at 70 °C), Simulant A, B, D2. Ratio of food contact surface area to volume: 0.7 dm²/109 ml.
Tritan: OM2 (10 days at 40 °C), Simulant B, D2. Ratio of food contact surface area to volume: 2.4 dm²/330 ml.
A risk-based testing approach was chosen, and a material risk assessment was performed. Migration into aqueous foods can be considered negligible.

This product contains the following substances that are subject to restrictions under Annex I and II of Regulation (EU) No 10/2011 and amendments - on plastic materials and articles intended to come into contact with food: 2,2,4,4-tetramethylcyclobutane -1,3-diol, FCM substance no.881– Specific migration limit (SML): 5 mg/kg. Test results: <1.0 mg/kg.
A risk assessment according to Regulation (EU) No. 10/2011 and EU Regulation (EC) No 1935/2004 was performed on this product.
The product does not release PAAs above the detection limit specified in Regulation (EU) No. 10/2011.
The product complies with the organoleptic requirements applicable to FCM not yet in contact with food.
This product does not contain substances subject to purity criteria.
This product does not contain substances subject to restrictions apart from the Specific Migration Limits.

No dual use additives were used in the manufacture of this product.
There is no functional barrier present in the product.
